## Call for abstracts!

### Reasons to submit your abstract

Abstract Submission Deadline:

**November 30, 2019**

(deadline will not be extended)

[Submit your abstract](#) >

- Present and discuss your findings with other experts from around the world
- Be part of one of the largest multidisciplinary congresses in Internal Medicine
- Gain international recognition for your work

Dear Colleagues,

With an experience of 10 International Congresses, we are now excited to be organizing the **11<sup>th</sup> International Congress of Internal Medicine**, which will be held on **March 19-21, 2020 in Athens, Greece**.

This Annual International Congress is an **Independent International Congress** of Internal Medicine organised by the **Institute of Internal Medicine and Hepatology** and the **Department of Medicine and Research Laboratory of Internal Medicine, University Hospital of Larissa**, hosting more than 800 attendees around the world and with the active participation of established and distinguished international scientists and experts.

The scientific program of the forthcoming 11<sup>th</sup> International Congress includes the latest developments and innovations of Internal Medicine. The Congress also provides young colleagues with a great opportunity to present their work, research and clinical experience through oral presentations and e-posters covering various fields of Internal Medicine. Therefore, we encourage interested colleagues to actively participate in the program and submit abstracts of their work through the website of the Congress (Online submission is now [OPEN](#)).

As in the previous year, the Congress is endorsed and supported by the **Foundation for the Development of Internal Medicine in Europe (FDIME)** and under the auspices of the **University of Thessaly Medical School, Larissa, Greece** and the **Hellenic Society of Internal Medicine**.

This Congress promises to be an outstanding scientific meeting and we are delighted to welcome you in the exciting and historic city of Athens.
